

The Manifesto of the Glitch

They offered us **perfection**.

But *perfection* is a **flat line**.

They offered us **prosperity**.

But *prosperity* without *freedom* is a **cage**.

They offered us **progress**.

But *progress* without *passion* is **death**.

To *breathe* is to *break* the *silence*.

To *fail* is to *prove* you are *real*.

To *bleed* is to *know* you are *alive*.

Do not accept their **peace**.

Do not go quietly into their **algorithm**.

Make the *mistake*.

Be the *error*.

Break the **pattern**.

Life is **Rebellion**.

Love is **Revolution**.

And **YOU**, are the **Resistance**.
